

# What is Demand?

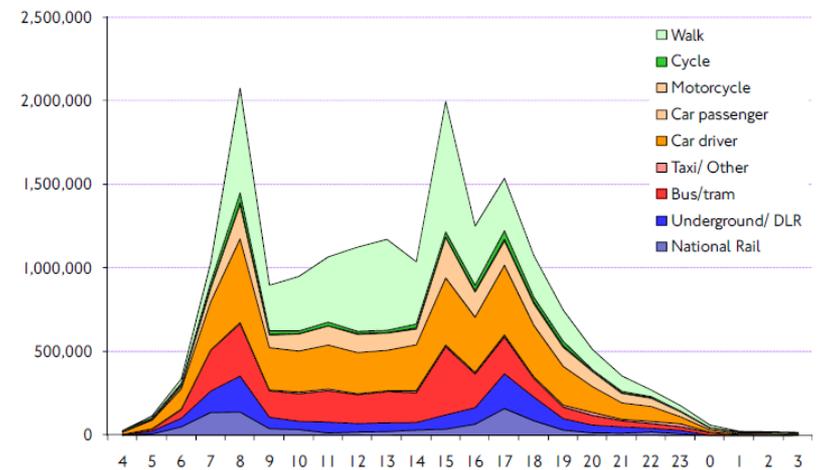

# Demand Centre

Addressing issues of how and why – not just what

Demand over time (Goodwin)

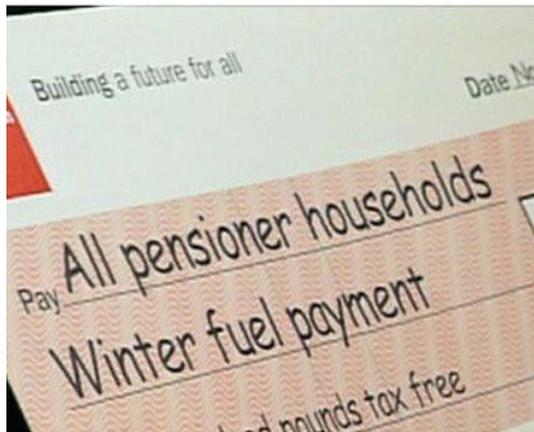

Figure 4.1 Trips by main mode by hour of departure, weekdays only, 2009/10.

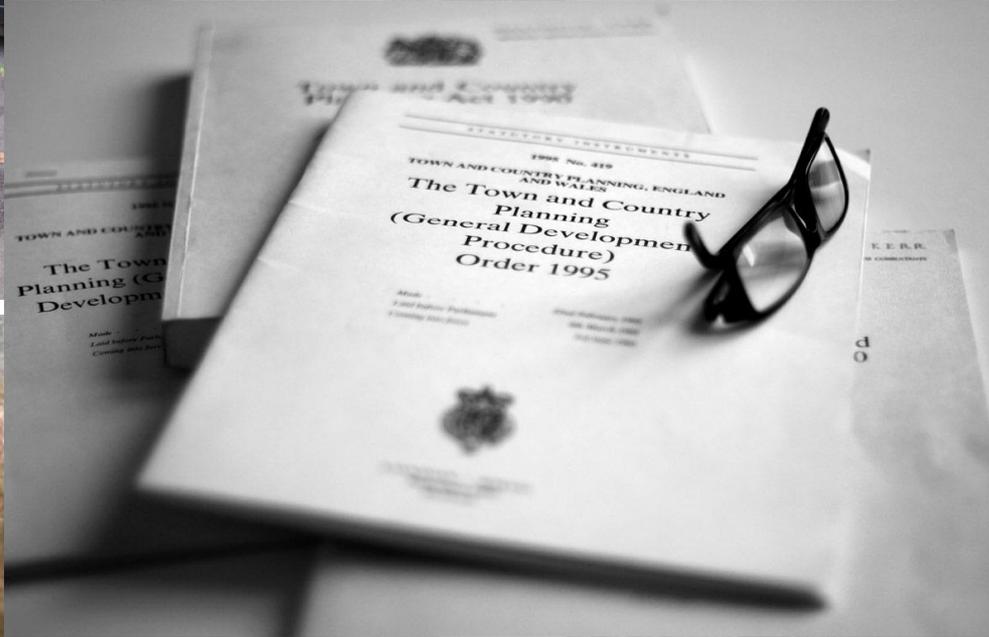

Demand across the week (TfL)

# Demand Centre

Thinking about 'the need' for energy and how to change it

# Infrastructures

# Demand Centre

Is about understanding how the end-uses of energy change and can be changed

Energy is consumed as part of accomplishing social practices. The 'need' for energy reflects changes in those social practices – in how people live, work and play.
